Yeah, I'm a do it from back here
What up brave heart? What it taste like daddy?
Chocolate cake nigga
Yeah, that's what I'm talking about that's how it's
supposed to be
Life is beautiful
Yo this girl tried to play me throw so I had to ya know
I had to do my thing to step it up
Get right with a new one
Now I'm feelin' alright so every things all good, yea

It's alright
Nothin's ever gonna, nothin's ever gonna come
between me and you
Baby, I just got to let you know that
Nothin's ever gonna, nothin's ever gonna come
between me and you
I promise you the sun, moon and stars

We used to meet at the motel
Heart break hotel
Body hypnotic, exotic as hell
Got a nigga in a spell
She from my dreams
Girl taste good like Carmelle ice cream
A few tattoo's on her butter soft skin
I gave my support when she had that abortion
Remember I could make you warm in the winter
Buy you a mink coat every December
And laugh and joke about the shit we been threw
Then you open your legs and you say, "Be gentle"
I'll try, I can see they spark in your eyes
It's gonna be fireworks like the fourth of July
Untouchable, unbreakable, intimate
Multiple orgasms when I be rippin' it
Your favorite positions, neighbors be listenin'
Hatin' and wishin' that our relationship end
But you my brave girl

It's alright
Nothin's ever gonna, nothin's ever gonna come
between me and you

Baby, I just got to let you know, that
Nothin's ever gonna, nothin's ever gonna come
between me and you
I promise you the sun, moon and stars

Now let me tell you what I am here to do
My baby girl is stuck stupid looking miserable ma keep
your head up
'Cause ma I'm right here let's do the damn thing girl it
can't be love
'Cause I be waitin' a minute for your walk by
Listen I'm lifting your legs up in the air my only vision
While I'm strokin' thinkin' about money and smokin'
Hopin' we could do this again and again and again yo
I feel your pain I'm leavin' your mouth dry
Your man can't do this ma he to lame
Keep him of your brain
While you let me do me on you drove off as soon as I
came
It was evident shorty talkin' celebent never this
I am not reverend do you hear what I'm tellin' you
The time is now or never shorty screamin' and yellin'
Yo calm down and let my comrad tell it

Girl you look so sweet
So sweet girl
But that is what you are
What you are baby
And no one comes between
Nobody
Never some moon and stars
That's right
So some come sail away with me
Me and you
'Cause your my brave heart girl
Brave hearts
And will get high with each other uh huh
Yeah

Phase one we meet and exchange numbers
Phase two is day two call you for a address to come to
Day three is phase three H E A D usually
But 'cause we just met there is other interests
Want to smut her with teddy bears and Lilly's
Wine and dine you I'm a gentleman but savage behind
you
Know you feelin' me my carrots will blind you
You love me but I love liquor and bud I married Tijuana

It's alright
Nothin's ever gonna, nothin's ever gonna come

between me and you
Baby, I just got to let you know, that
Nothin's ever gonna, nothin's ever gonna come
between me and you
I promise you the sun, moon and stars
