Verse 1

[Kyze]

When i catch you in the ends im gonna rip you up,
when i catch you in the dance im gonna kick you up,
When i run up in your house it's best you give it up,
When im feelin low ridin gets me spirit up
Niggas think they know Kyze but they don't know nuttin,
Hurry get the suttin turn em into curry mutton,
Tried to pinch some guys,
Missed a couple times,
Had to slap myself- someone needs to fuckin die,
All ive been thinkin about is money needs to get
earned,
I put the track on pause something needs to get
burned,
My head will not turn,
Im loyal to a hot firm,
Plus im extra pissed the D's just locked Termz,
Little dickhead youts don't they know Im old-school?
I aint hiding like you fam I'm local,
Dickheads are gassed up tryna amp their vocals,
Tone it down, me and my gun are anti-social,
Your man are so fool,
Im just so cool,
Them man ain't gangsta nah they're just so called,
These little bitches are so small,
Drivin' the getaway whip and I won't stall,
Roll up and I won't talk,
Jump out, go nuts with the blow-torch,
Get caught fam , I won't talk,

Not even from a mad case that I won't walk.

Verse 2

[Giggs]

Coming from deep in the jungle,
Hollowmans got heat but im humble,
Niggas say I don't speak I just mumble,
I don't need to speak teef got a gun fool,
You've been easily rumbled,
Then my suttin go brap, get a lungfull,
I'll even squeeze at your uncle,
Motherfuckers won't bleed when they tumble,
You ain't heard shit from this nigga yet,
How much more greazy can a nigga get?
Pass me the weed and a cigarette,
Niggas go all nuts when i hit em nets,
Kyzer, yes one of my main men,
Niggas say i bad him up but they hatin',
And Hollowman doesn't rate them,
They sayin' dickheads then Kyze will blaze them,
I just give him the strap he's like amen,
Gave him the mac and he spray-spray-spray ten,
Take boys and make men,
Make noise in your fake ends,
Spray toys at your fraid fence,
Niggas don't like me but wanna make friends,
And thats the wave of a snake ends,
And that's the way that the game ends.
