They talk about they wanna cut crime down  
I do something positive and they fly down  
I'm pissed off, so I lie down  
Wrap a spliff, grab a pen and I wind down  
Mad poverty  
Niggers can't get jobs so they buy brown  
Buy light drive round  
Tryna hustle on the streets to get the right pound  
'N little youths getting knifed down  
Cos nigger got pissed and brought a knife round  
They don't care about a sign to put the knives down  
Next likkle niggers gonna get the knife now  
Rinse off the ting and put a life down  
Think of the shit we live our lives round  
That's why I can't understand all the fight down

When the shadows in the sun grow long  
We listen to a slow slow song

I used to roll strapped up, packing a glock  
Running round rinsing at the back of a block  
Used to shot cats, whole packets of rock  
Now I make music, what they planning to block  
Fuck these lil faggoty cops  
I came a long way from a raggody top  
Old reeboks and my gravitys on  
Now everything drops I get my gravity on  
The whole industry getting mad at me songs  
Saying they don't like me, the way I'm carrying on  
Been a mad journey  
These fuckers don't know where I'm travelling from  
Tryna make my buzz lighter  
Tryna get to me, locking down my blud kyzer  
Smoke weed while sipping on a budweiser

When the shadows in the sun grow long  
We listen to a slow slow song

It's just a phase we know  
That hazy glow  
Coming off the blazing road  
But I'm like amir khan, I appear calm

All that clear charm  
But I clip your ear 'ole raw  
Keep score of what I got  
In the draw with the socks  
Feeling ever more than a lot  
I used to score shottins at the squats  
Fuck it, duck it in the bucket seat  
Spunked all my currency and my luck you see  
Am I grind blind  
Frightened somtimes  
Mixing white wine with wine  
Late nights on the pave like  
With dave types  
Chitter chatter with the latter  
Wave bye  
Behave right  
Lets stay tight

When the shadows in the sun grow long  
We listen to a slow slow song
