[Mystic]

Yo

[Planet Asia]

West Coast.....

That's what we bout to talk about

[Mystic]

We talkin bout the West Coast

[Planet Asia]

They don't really understand what's crackin right now

It's a new brig, goin into this new millenium

You know what i'm sayin?how we do it

[Verse 1-Mystic]

Let's talk about Californ-i-a

If you ever came to visit wonder why you didn't stay

We got them, 'Wide Open Spaces" like them Dixie

Chicks

Enough soldier's in the hood to really start some (shit)

It's where the sun always sets and the beauty never  
seases

Their's a war goin on, but it's more wit the police

It's were the pace is slow, it's somethin like in the south

When out of towners try to rush they just runnin they're  
mouths

I love the hot days and the old school cars

White tee's and baggy jeans and barbeque's in the  
park

If you ain't rest here, then you would never understand

(You's a dedicated Queen)best believe that I am

I put up billboards butt-naked from the waist up

Which yo hands over each breast throwin the west up

And underneath, the capture would say, "don't you  
wish you were here?"

West Coast yay, yay

[Chorus: Mystic]

Cause everywhere I go

And everything I see

Makes me believe  
Their's nothing like the West Coast  
(Were you from?)  
West Coast  
And everything I do, the way I move  
Is just because  
I'm from the West Coast, West Coast

[Verse 2-Planet Asia]

Out west we rock stains and cuts  
Coup's, and Regal's, 64's and Cadillac trucks  
And we still sportin Guess?that's how we do it out West  
Red or blue rags mutual brother's be still goin federal  
You better know we pop collar's and chop game  
Were mary jane's is the color of the incredible hulk  
Summertime we top drop fresh out the chops shops  
Out of control staright ballin baggy shorts no socks  
Owin the block cell phones roamin the lot  
We can ball in the in yacht, i'm talkin bout home of the  
rocks  
Rockin a sporty spliff, we bumpin 40&The; Click  
Too \$hort, Dr.Dre or some George Clinton  
Don't get it twisted cause you can even ask Mystic  
(the bay got the best weed)and L.A. got the bitches  
Tricks, mac's, hustla's, snitches, hoodrat killaz, drug  
dealer's&thug; nigga's  
Were we at?

[Chorus]

Cause everywhere we go  
And everything we see  
Makes us believe  
Their's nothing like the West Coast, West Coast  
And everything we do, the way we move  
Is just because were from the West Coast, West Coast

[Verse 3-Planet Asia&Mystic;]

[Planet Asia]

It ain't nuttin like the CA  
Sunshine, women, water, and sand trees and the West  
Coast relay's  
Straight from the North were paper chasin is art  
Where they blast for cash and walk live  
As a true and livin gangsta's

[Mystic]

Gangsta's O.G.'s the game is so fluid  
Got us swaggin the steps like, "only we can do it"  
True it, ain't no other golden state  
We can't relate we heavyweights who demonstrate

[Planet Asia]

Let's be a soldier in the land of homocides and murder  
Liquor store robberies and fast learners  
And corrupt cops on the mission to bust off shots  
Blue or flame dub you might just catch a hot one at the  
bus stop

[Mystic]

Yo Asia baby, we set the record staright  
From thugs to fallen angel's, we elevate  
And I know one day my soul will go to rest  
Just put my ashes in the dirt in the west

[Chorus] - 2X

[Planet Asia Overlapping Mystic]

West Coast, Oakland, Fresno, Los Angeles  
San Diego, you know what i'm sayin?  
Seattle, Vancouver, West Coast

You know what i'm sayin?

Light green, old schools, pop ya collar

We don't sport curls no mo'

\*Laughter\*

We don't sport curls no mo'

[Mystic]

Yo spontaneous, spear more music, West Coast, West  
Coast

BIOTCH!

\*Laughter\*
