Baby right round like a record
Baby right round round round
You spin me right round
Baby right round like a record
Baby right round round round

You spin me right round
Baby right round like a record
Baby right round round round
You spin me right round
Baby right round like a record
Baby right round round round

I, I get to know your name
Well if I could trace your private number baby
All I know is that to me
You look like you're lots of fun and
Open up your loving arms
I want some once I

I set my sights on you (and no one else will do)
And I, I get to have my way now baby (way now baby)
All I know is that to me
You look like you're having fun and
Open up your loving arms, watch out
Here I come!

You spin me right round
Baby right round like a record
Baby right round round round
You spin me right round
Baby right round like a record
Baby right round round round

You spin me right round
Baby right round like a record
Baby right round round round
You spin me right round
Baby right round like a record
Baby right round round round

You spin me right round
Baby right round like a record
Baby right round round round
You spin me right round
Baby right round like a record
Baby right round round round

(Round like a record baby, right round round round)

Just a little bit closer!

(I get to be your friend, I get to be your, to be your
friend)

Oh oh I, I get to be your friend oh baby (friend oh baby)
And I would like to move it just a little bit closer! (just a
little bit closer)
All I know is that to me
You look like you're having fun and
Open up your loving arms, watch out
Here I come!

(You spin me right round
Baby right round like a record
Baby right round round round)

You spin me right round
Baby right round like a record
Baby right round round round
You spin me right round

Baby right round like a record
Baby right round round round

You spin me right round
Baby right round like a record
Baby right round round round

You spin me right round
Baby right round like a record
Baby right round round round
You spin me right round
Baby right round like a record
Baby right round round round...

Just a little bit closer!

(You spin me right round
Baby right round like a record
Baby right round round round)
You spin me right round
Baby right round like a record
Baby right round round round)

(You spin me right round
Baby right round like a record
Baby right round round round)
You spin me right round
Baby right round like a record
Baby right round round round)

You spin me right round
Baby right round like a record
Baby right round round round
You spin me right round
Baby right round like a record
Baby right round round round
