I thought you loved me  
I thought you'd see me  
i Thought you'd let our love be

But i never had any love from you  
i never even had one bit  
xaero(zero) love from you

you got me qeuestioning  
why can't i hold you  
why can't the old times be real  
all the those love i could feel  
were u just a cloud  
who seem to jus fly by  
and rain down on me

xaero love  
is what i had gotten from you  
you whom i adore so much  
you whom had woken me up from my eternal sleep

xaer0 love
