I, I get to know your name  
Well if I could trace your private number baby  
All I know is that to me  
You look like you're lots of fun and  
Open up your loving arms  
I want some once I  
I set my sights on you (and no one else will do)

And I, I get to have my way now baby (way now baby)  
All I know is that to me  
You look like you're having fun and  
Open up your loving arms, watch out  
Here I come!

You spin me right round  
Baby right round like a record  
Baby right round round round  
You spin me right round  
Baby right round like a record  
Baby right round round round

You spin me right round  
Baby right round like a record  
Baby right round round round  
You spin me right round  
Baby right round like a record  
Baby right round round round

You spin me right round  
Baby right round like a record  
Baby right round round round  
You spin me right round  
Baby right round like a record  
Baby right round round round

(Round like a record baby, right round round round)

Just a little bit closer!

(I get to be your friend, I get to be your, to be your  
friend)

Oh oh I, I get to be your friend oh baby (friend oh baby)  
And I would like to move it just a little bit closer! (just a  
little bit closer)  
All I know is that to me  
You look like you're having fun and  
Open up your loving arms, watch out  
Here I come!

(You spin me right round  
Baby right round like a record  
Baby right round round round)

You spin me right round  
Baby right round like a record  
Baby right round round round  
You spin me right round
