Música: Your love
Gigi D' Agostino

Love
love for me
is love
love for me

I call your name,
i keep on looking for you,
and i don't know,
don't know where we're going,

can't stop the night,
it keeps on calling me
there is no way,
no way to stop me falling,

Believe in me,
I can set you free tonight,
you never ease it up,

Oh, no,
Something's taking over me!

Your love,
your love,
your love is on my mind

Your love,
your love,
your love is on my mind

your love is for me.
