"Open Heart Surgery"

Visit "[Open Heart Surgery](#)" on MotoLyrics.com

I feel like letting you know
How much I love you today
I feel like letting it show
Showing you rightly now
They're never going away

I know you're feeling real low
[?]
I want to make it okay
I want to show you I know
And it will be all fine
I want to take it away

I thought I'd write you this song
Maybe it'd make you smile
And take your sadness away

I want to show you I love-love-love you a long time, girl
I'm never going away
