Now I'm crying in the darkness
Seven times you said goodbye
I can handle all the hard times
But I can't stand one more lie
And I look into your eyes now
You're not tellin' me the truth
Do you want my last goodbye now
Can this be true

[chorus]

Yes I know we will make it
For heaven's sake, for heaven's sake
No more fights, no more lies now
For heaven's sake
Be the sugar in my coffee
And I will be your guidin' light
I still need your touch my lovely

Who the hell needs one more fight
We've both got different destinations
But this love is still so strong
Your train is pulling away from the station
Please don't go.

[chorus]

I'm not really superstitious,
For heaven's sake, for heaven's sake,
But give our love a little chance girl,
For heaven's sake,

[chorus]
