We're so different you and I
Never see things eye to eye
This can't be right
But I can't fight it
My friendys keep asking why I try
They tell me that you're not my type
But I can't hide
What I feel inside of me
If it's wrong
Tell me why I'm holding on

No matter what I say or do
I can't hold back my love for you
I know it's true
I can't help falling
Even though my heart is strong
My head keeps saying it's all wrong
What can I do
I can't help falling

No matter what I say or do
Yeah
I can't help falling

The minute that I see your face
No one else can take your place
How can this be
Always you and me
Everytime I feel your touch
Makes me want you, oh so much
To hold you close
Never let you go away
Can't you see
How you keep me holding on

No matter what I say or do
I can't hold back my love for you
I know it's true

I can't help falling
Even though my heart is strong
My head keeps saying it's all wrong

What can I do
I can't help falling

No matter what I say or do
Yeah
I can't help falling

But I know
You're the one
I wanna be with you tonight
Gonna trust what I feel

No matter what I say or do
I can't hold back my love for you
I know it's true
I can't help falling
Even though my heart is strong
My head keeps saying it's all wrong
What can I do
I can't help falling

No matter what I say or do
I can't hold back my love for you
I know it's true
I can't help falling
Even though my heart is strong
My head keeps saying it's all wrong
What can I do
I can't help falling
