Speed on by, don't seem to have the time
What about this life?
What about this life?
Can I call mine?

Issues in the paper (somehow I'm not concerned)
Seems that I've been here before
Here before, but I never learn

Children
Slowly turn

Time stay gone, we never saw it go
Now what do we have?
Now what do we have, that we may show?
Friends you swore you'd never lose (melted from your
style)
Down the tunnels of your youth, of your youth,
Now you never smile
Children
Learn to smile
