If I only had an ocean to compliment this sky  
I'd pull it down, I'd paint it for you and never question  
why  
Cause red would mean you love me  
And blue would mean you care  
And black my heart were left to those with cold  
uncaring stares  
This is the burning of a dream  
This is the burning of a dream

The sound now turns to silence  
But I keep spinning around  
Naked in the rain of my own tears  
As they fall into the bucket of your apologies  
And I'm closing everyone else's eyes  
Because you rowed ashore  
Not to see the volume rise again

Feels like I'm waiting in the last hiding place on earth  
Hang this noose around my neck but I'm saved  
For one hundred thousand memories wash ashore  
Be swept away by forever  
Sail away from you  
Now the rain has ended  
So the sun can shine through me

The sound now turns to silence  
But I keep spinning around  
Naked in the rain of my own tears  
As they fall into the bucket of your apologies  
And I'm closing everyone else's eyes  
Because you rowed ashore  
Not to see the volume rise again

Only you could row my boat ashore  
And only you could set my fears at rest  
Couldn't see the lack of sympathies regress  
I'm still waiting  
I'm still waiting for your grace

The sound now turns to silence  
But I keep spinning around

Naked in the rain of my own tears  
As they fall into the bucket of your apologies  
And im closing everyone elses eyes  
Because you rowed ashore  
Not to see the volume rise again
