I don't mind you calling round on me
Cos I like your company
Anytime you want to baby Please don't feel obliged to
telephone
Call in any time your
Lonely and in need of someone
To love and comfort you
I promise to Faithfully do
Lust that and much more if you let me
Cos I love you.

Cos I like your company
Anytime you want to baby
Please don't feel obliged to telephone
Call in any time your
Lonely and in need of someone
To love and comfort you
I promise to
Faithfully do
Just that and much more if you let me
Cos I don't mind you calling round on me
Cos I like your company
Anytime you want to baby
