Ever since the day I saw you come my way, I know that
you were mine, Nothing could prevent it, heaven must
have sent it, Oh and what a find, From my head to my
booted seams, I'm living my wildest dreams, I'm living
my wildest dreams, Now I think you know, I'll never,
never let you go How can I express the misery I get the
minute you're away, No sooner have you gone when
everything is wrong, And nothing is OK, Oh I may not be
a superman, I'm hardly the type that can, But I think
you know, I'll never, I'll never let you go, Love may not
be as good as it may seem, Often it's a sad affair, But
for everyone that hits the rocks, There's two that really
get somewhere Ever since the day I saw you come my
way, I know that you were mine, Nothing could prevent
it, heaven must have sent it, Oh and what a find,
There's so much that I want to say, And if I can find a
way, I think you know I'll never, I'll never let you go, No,
no, I'll never let you go, Never, never let you go, never,
never let you go Never, never let you g
O, never, never let you go Never, never let you go,
never, never let you go Never, never let you go, never,
never let you go
