I get a little bit of lovin' in the morning  
I get a little bit of lovin' at night  
I get a little bit of what I want  
And when I know it's due  
Get a little bit of kissin' and cuddling  
Feeling that I wanna be liked  
By you  
With a love so.....true

Never needed anybody who could need me  
Never needed anybody to try  
Never needed to be certain of that you can be sure  
Never needed anybody to hold me  
Now I have a feeling I might  
Via you  
With a love so.....pure

Take this paper in my hand  
If you sign it means we stand  
Shoulder to shoulder in the days ahead  
Even on occasion when the explanation  
That I plan on making makes no sense

Didn't know what I could do till I could do it  
Didn't know I couldn't do it till I tried  
Didn't know it at the time and at the time I wasn't there  
Didn't know about love and affection

Now it is a feeling I like  
From you  
A love so.....rare

You could say that we're on cloud nine  
But on a clear day it's a waste of time  
You could be ringing a freedom bell  
In a prison yard where the prison guard  
Orders you to march back to your cell

I get a little bit of lovin' in the morning  
I get a little bit of lovin' at night  
I get a little bit of what I want if it's not too late  
Get a little bit of kissin' and cuddling

Feeling that I wanna be right  
By you  
By you  
By you  
With a love so  
A love so  
A love so.....great
