When you're feeling blue
You don't know what to do
Just call on me
I'll make it worth your while

I'll always be at home
You'll never be alone
As long as I'm there with you
By your side

Now when the moon is high
Above there in the sky
Just knock upon my door
And I'll be with you

No matter where you go
Just come and let me know
I hold your hand
And when alone I'll kiss you

With you I feel happy
When I know that I'll never change my mind
With me you can be
Any hour (any hour), day or night (day or night)
Call on me girl, (call on me)
Anytime you like, like

So if you feel today
You'd rather get away
To some place where you know
You won't be lonely

Just call on me and see
How happy you will be
I'll make you feel
You life's just for me only

With you I feel happy
When I know that I'll never change my mind
With me you can be
Any hour (any hour), day or night (day or night)
Call on me girl, (call on me)

Anytime you like, like

So if you feel today
You'd rather get away
To some place where you know
You won't be lonely

Just call on me and see
How happy you will be
I'll make you feel
Your life's just for me only

And from all of us here
It's goodbye
I'll now hand you over to the A-side

I hope you enjoyed my little B
If you haven't well what can I say
Except I hope that you like the A
If you haven't well what can I say
Except I hope that you like the A
