Heart beat low heat no heat at all question unanswered  
and i recall haves that have no qualms what arses they  
lick in taking their pick) doesn't it make you sick

One day tuesday three days or more looked for a job  
saw one framed in a store rushed into buy it but i was  
too quick doesn't it make you sick at no time in my  
mind are wheelchairs inept governme  
Ell you with charm when faced with a stairway here's  
what they advice just walk with it under your arm

Who are what are where are the few always it's arabs  
hated by jews bombing your neighbor with mortar and  
brick doesn't it make you sick

At no time in my mind are wheelchairs inept  
governments tell you with charm when faced with a  
stairway here's their advise just walk with it under your  
arm

No doubt sauerkraut is a racist remark so to is  
blackpool long after dark have nots deprived of their  
mortar and brick doesn't it make you sick doesn't it  
make you sick

And suppose if i'm a atheist it's god i'll thank
