I know it's alright for me  
In my easy chair  
I don't have to go to school  
Be bullied while I'm there  
Bullying's a part of life and always will be too  
Don't let it get to you  
Don't let it get to you

Even if what follows  
Is a desperate cry for help  
Why would someone so young  
Feel the need to hang themselves  
Life is far too precious to be over with so new  
Don't let it get to you  
Don't let it get to you

Setting a good example now  
Is order of the day  
Gangs go around in streets and towns  
Cleaning up on the way

Why I'll never understand  
Are girls more prone to this  
They unlike the boys  
Are now more active with their fists  
Could be that tomorrow they'll move on to someone  
new  
Don't let it get to you  
Don't let it get to you

Notice how we love our neighbours  
Long as they remain  
Happy with a pretty flower bed  
Once they plant a row of trees  
That grow above the roof  
That's when hatred rears its ugly head

Don't let it get to you  
Don't let it get to you

Anyone who witnesses a mob that's in control

Must have seen a pig go flying by  
What I'll never understand is meet one on their own  
They appear so gentle and so shy

I could take the law  
Into my own hand don't you think  
Find the gang give them a taste  
Of their own medicine  
But for now till we decide what action to pursue  
Don't let it get to you  
Don't let it get to you  
Don't let it get to you
