My doctor told me if my headache gets much worse  
The best thing that I can do is get myself a nurse  
Let her give me the kiss of life and after that  
You watch my headache disappear three seconds flat  
And as you know, I don't really want you to go  
For I would much rather you stay with me  
Be on hand when I need good company

, The other morning I forget now where I'd been  
Some fella cornered me said "hey man what's your  
scene?"  
I told him frankly that I wasn't in a play  
That if I was I wouldn't give my scene away  
And as you know I don't really want you to go  
For I would much rather you stay with me  
Be on hand when I need good company

Altogether everybody turn and touch your toes  
When I stop to give the signal  
That's when I would like you  
That's when I would like you  
To go oh...oh

Muhammad Ali better known as Cassius Clay  
Boy what a boxer he was and still is today  
I had a go myself once thought that I was him  
But unlike Muhammad baby I could never win

And as you know I don't really want you to go  
For I would much rather you stay with me  
Be on hand when I need  
Much rather you stay with me  
Be on hand when I need good company
