Love peace and understanding makes no difference in
the end What you need to survive mother nature will
provide As long as you're In bed by ten Everybody has
that feeling One that drives you round the bend I don't
know what else to say I suspect it'll be okay as long as
you're in bed by ten It isn't easy if that's what you think
going to bed as the night begins but then you take it
you take it from me things have never ever been Quite
the way you think they seem Oh forget about tomorrow
Yesterday still has to end I can do all manners of things
wear you out and wear you in As long as your In bed by
ten As long as your In bed by ten In my heck of my
woods There's no neck at all There might be a shoulder
and as I can recall A shoulder is something we all need
to lean upon You ought to try it once In a while You
might find that it makes you Smile The only thing is
whenever you do don't get Into counting sheep That
will only make you sleep Oh lead me to your chamber If
you want me as a friend Take a tip from one w
ho knows Lots you can do Without any clothes As long
as you're in bed by ten No denying Its the truth I'll do
anything for you As long as you're in bed by ten
