Hey little baby you act like I'm crazy  
Walking around in my sleep  
Well if I knew it why on earth would I do it  
I've other appointments to keep  
In my sleep

Spare me the drama you slipped on a banana  
After you'd eaten the skin  
How could you do it are you really that stupid  
Knowing that there was a bin you could put it in

Of course being a Monday would be the one day  
Trains are delayed by the score  
And it never rains but it pours  
Mine's not due for a week

Would you believe it our Adam and Eve skit  
Didn't go quite as we'd planned  
Leaves we were using both of our choosing  
Fell off and so we got banned  
Could have used a hand

Heart has been broken credit card stolen  
Off-licence closing its doors  
And it never rains but it pours  
Why I've no idea

But if you want romance  
Then here's a good tip leave all expletives behind  
And as for the men maybe they should try  
Giving flowers from time to time

Call me a loser cos I didn't choose her  
Call me a fool if you like  
Sure she was pretty but when she said hit me  
That kind of gave me a fright  
As well it might

A word from Head Office there, being no profits  
We have to show you the door  
And it never rains but it pours  
Rents just been increased

If only the good days outnumbered the bad  
If only the bad died young  
In an ideal world we would still disagree

But doing so would be fun  
Smile for the camera the one that can't stand ya  
You know the one that I mean  
Where every picture looks like a mixture  
Of hideous crass and obscene  
But never lean

Afloat on a big lake boat hits a big wave  
After which you lose the oars  
And it never rains but it pours  
Now it's started to leak
