What do you do if lightning strikes you strike  
What do you do assuming you need advice  
Call in the S.A.S. of course  
There's not a more formidable force  
In through the windows  
Crashing through the blinds

Talk about people running round in the buff  
Nudity now in films just ain't buff enough  
What we need is to penetrate  
Show it all in it's glorious state  
Out of the blue on cue into the rough

To win in love  
You must play your part  
Don't act cool play it from the heart  
She may act like she doesn't care  
Don't be fooled it's a tactic they're good at  
Just so you know

What do I do if someone walks up to me  
Says "I want your watch  
And that ring I can see"  
Do I say "Can I have a receipt?"  
Do I beg "No don't shoot me please!"  
Think of the outcry maybe there might be

To win her love  
You must play your part  
Don't act cool when the teardrops start  
She may look like she doesn't care  
Don't be fooled it's a tactic that they're good at  
Just so you know  
Just so you know  
Just so you know

What if a deer comes to your door  
"Who is it dear it's a deer oh no!"  
Tell it if it wants sugar where to go

To win in love

You must play your part  
Don't act cool when the feelings start  
She may tell you she doesn't care  
When in truth she is more than willing to  
Just so you know  
Just so you know

I got a feeling deep inside my soul  
X-ray reveals it's nothing more than a hole  
Why is it curiosity gets  
Bad publicity in all respects  
Cat killer being the one that hurts the most  
Just so you know  
Just so you know  
Just so you know  
Just so you know  
Just so you know  
Just so you know  
Just so you know
