Love you out of trouble
Anytime you're in
Give you what you want me
Want me to begin

Love you like a baby
In it's mother's womb
Happy and contented
Doing what it's doing

Love you like a river
Never like a rock
Rocks are ten a penny
Rivers though are not

Talk about anything other than news
Talk about a rich list of people whose
Worth it seems is what we're so keen to know
As for the fund your pension was in
As it dissolves down a corporate bin
Man in charge has entered the list at four

Love you out of trouble
Out of any kind
Doesn't matter to me
How it is defined

Rub you up the right way
Never up the wrong
Wrong would be the right way
Not to get along

Give or take a drama starting to unfold
Give or take a booking that remains on hold
Rising to the challenge running up a dept
Only way to run and not run out of breath

Love you out of trouble
Any of any kind
Even move a mountain
If under it you're lying

Love you like a baby
In it's father's womb
More you think about it
More it could be soon

Talk about anything other than news
Talk about a rich list in papers whose
Grip on reality seems to have escaped
Do we need to know what a person's worth
Do we need figures that look absurd
Don't tell me what a role these models make

Love you out of trouble
Anytime you're in
Give you what you wanted
Ready I'll begin
Love you out of trouble
Anytime you're in
