Heart beat low heat no heat at all Question unanswered
and I recall Haves that have no qualms what arses they
lick in taking their pick) Doesn't It make you sick

One day Tuesday three days Or more Looked for a job
saw one framed in a store Rushed into buy it but I was
too quick Doesn't it make you sick At no time in my
mind are Wheelchairs inept Governments tell you with
charm When faced with a stairway here's what they
advice Just walk with it under your arm

Who are what are where are the few Always it's arabs
hated by jews Bombing your neighbor with mortar and
brick Doesn't it make you sick

At no time in my mind are Wheelchairs inept
Governments tell you with charm When faced with a
stairway here's their advice Just walk with it under your
arm

No doubt sauerkraut is a racist remark So to is
Blackpool long after dark Have nots deprived of their
mortar and brick Doesn't it make you sick Doesn't it
make you sick

And suppose If I'm a atheist It's God I'll thank
