Congratulations everyone and two and three and four  
You've really made my day for me  
So here's what I've in store  
An ounce of tea that will if we  
Stir well turn into glue,  
Should Mr. and Mrs. Regards  
Send theirs with love to you.

Now Jonathan's a king you see  
But then to some he's not  
For in between his two front teeth  
Is something I forgot  
To tell you bout thirteen is out  
As both boys disagree,  
With Mr. and Mrs. Regards  
Who send their best to me

I've been impatient far too long  
So here's my plan  
It begins with G and ends with my  
Your room looks grand

Still that's alright  
I'll not stay brigh  
t In fact I'm likely to  
Send Mr. and Mrs. Regards  
My best with love from you.
