I can see by that look on your face
You despise all the tears, you've had to embrace
And I can tell by that look in your eye
There's no telling why, there's no telling why

Oh, I really love you
I do so desperately
And I'll never be above you
You're all there is to me

And I'm not in the habit
Running off another man's wife
But when love takes control of your soul
There's no telling why

I can't help feeling sorry for us both
We are victims of a crime, otherwise loathe
And for as long as we live till we die
There's no telling why, there's no telling why

Oh pretty baby, you've got me on a limb
Would you know you drive me crazy
For you I'd do most anything

Having stolen you from someone
Who loves you no less than I
It's amazing how love takes control
And there's no telling why

Oh, I really love you
I do so desperately
And I'll never be above you
You're all there is to me

And I'm not in the habit
Running off another man's wife
But when love takes control of your soul
There's no telling why

There's no telling why
There's no telling why
There's no telling why

There's no telling why
