Twist me 'round your little finger  
Wrap me 'round your thumb  
Give me what it is I'm after  
Make me feel I'm the one

Anytime you need a friend  
I'm yours to lean upon  
'Cause where you're going I am too  
That's where I belong

Sentence me to life in prison  
But grant me one request  
See to it there's no remission  
And be sure it's your address

Build me up or put me down  
Whatever turns you on  
'Cause where you're going, I am too  
That's where I belong

I'll love you true  
I'll love you fair  
I'll love you when you're old  
And not just care

I'll love you now  
Right here and yes  
Although I love you in so many ways  
My favorite is undressed

Give me hope where once was fear  
Don't keep me holding on  
'Cause where you're going I am too  
That's where I belong

Where you're going I am too  
'Cause that's where  
(That's where I belong)  
I belong with you  
That's where I belong

I belong, I belong
