When the world you live in
Really gets you down
When you feel a pain inside you
Starting to pound

And the girl you love
She doesn't want to know
Let an old friend as a Godsend
Lead you to where peaceful waters flow

And if the day you thought
Was drawing to a close
Just drags on and on till when
Only heaven knows

And the car you bought
This morning doesn't go
Let an old friend as a Godsend
Lead you to where peaceful waters flow

There you'll find much to your pleasure
That you haven't got a care
All the worries you had in you
Are no longer there

Take my hand
And I will lead you to a place
Where the sun will warm your heart
With all of its rays

And the sky at night
Has such a magic glow
It's a feeling unbelieving
In a land where peaceful waters flow

Where you'll find much to your pleasure
That you haven't got a care
All the worries you had in you
Are no longer there

Follow me
And I will lend you to a place

Where the sun will warm your heart
With all of its rays

And the sky at night
Has such a magic glow
It's a feeling unbelieving
In a land where peaceful waters flow
Where peaceful waters flow

Take me to where peaceful waters flow
Take me to where peaceful waters flow
Take me to where peaceful waters flow
Take me to where peaceful waters flow

Take me back where peaceful waters flow
Take me back where peaceful waters flow
Take me back where peaceful waters flow
