Young at heart we may be only young at heart but we're  
not lonely if anything we're never in but we're out  
young at heart if we are only young at heart then let us  
slowly unwind our way only way  
Now how young at heart you can so easily become a  
part of any new fangled dancing craze like the way that  
you did when we were kids young at heart we may be  
only young at heart but even so we're  
First to admit we're at that stage even though we might  
act our age young at heart we'll always remain. [solo]  
(young at heart) (it's so important to play your part)  
don't let them tell you your  
Too old wearing clothes in a way that's up to date  
young at heart if we are only young at heart you never  
know we could still surprise, tantalize even with bags  
under our eyes young at heart we  
Always (young at heart we'll always) young at heart well  
always remain.
