Lost in time no time in space Never thought wed ever  
fade  
This ain't the blues This ain't nothin new  
Are we fallin off again Someone pushed us from the  
ledge  
No crime no sin We just don't fit in  
Lets get lost Lost in Space Just two people a little out of  
Place Nothing's wrong Everything's fine Just lost in time  
Woke up in a lost and found Don't understand the here  
and  
Now This aint my world Glad you're in my world  
Lets get lost Lost in space Just two people a little out of  
Place Nothing's wrong Everything's fine Just lost in time  
Sorry it don't get better Lets burn all the bridges we  
cross  
Sorry it don't get better Lets burn all the people we  
know  
This ain't the blues This ain't nothing new  
Lets get lost This ain't the blues Lets get Lost This ain't  
The blues Lets get lost This ain't the blues Lets get lost  
Lets get lost Lets get lost Lets get lost Lets get lost Lets  
Get lost lets get lost Lets get lost Lets get lost This ain't  
the  
Blues
