And the great boat sank  
And the okies fled  
And the great emancipator took a bullet in the head  
In the head  
Took a bullet in the back of the head

It was not december and it was not in may  
It was 14th of april that was ruination day  
That's the day  
That's the day  
They were one they were two  
They were three they were four  
They were 500 miles from their home  
From their home  
They were 500 miles from their home  
When the iceberg hit  
Then they must have known  
God moves on the water  
Casey jones  
God moves on the water  
Casey jones

It was not december and it was not may  
It was 14th of april that was ruination day  
That's the day  
The day that is ruination day
