T'ill the end

Noby saw they heard but didn't do summ so u blend  
there n died  
Cops were on it the next day told ur mom then shy cry'd  
it was hell til she left ur dad for crack and never came  
back  
But she lied she when on the bloock and got shot  
But we all reacted 'cause she didn't die  
Roll the weed and light it and let the smoke in the sky  
For u wish u were alive  
I never left the hood i should 'cause it's for my own  
good  
All iv got is money whit ur pic on the side  
Rolling fatty's dealing n drive by's  
The day u left me at my house whit a glock  
I knew right now u fucker was getting shot  
But didn't think u die  
'cause evry day u come back home  
Whit a bullet in ur six pack til we when back  
N shot he's ass back.  
We all smoked crack befor we go to bed  
We all said we gon die whit this shit  
But we all laught and did still as u sleep  
U'd move so much u'd give me the creeps  
But now ur gone wtf when wrong...

(Your My 'causein My 'causein til the end)  
(Your my Brother My Brother till the end)  
(Light the dope n let the smoke in the sky)  
(Your my Brother till i hit u back when i die..)

The day i heard you were gone  
I sat down and cry'd while i right a song  
Of all iv got light the joint  
Till it hit me whit a point  
I'd go out n do the talk to all the crew's  
Of who shot ch'you  
Shot a couple but they didn't die  
I did it for a double of crack  
I aint gon smoke it im gon sell too have u back

& n let ur spirit free and let me fallasleep in peace  
Let me dream of u  
Oh evrything we did n what we when't true  
What i don't understand is why..  
Why didn't we leave the hood  
You looked at me in my eyes  
Asking me why i told u srait up u wanna die  
He told me no it aint gon happen next day he die'd  
We fight about it n he left and said bye  
That's the last thing i said too u is fuck u bye  
But my Brother Strait from the heart im sorry  
I love you.. I love you from the day we start

(Your my 'causein My 'causein till the end)  
(Your my Brother My Brother till the end)  
(Light the dope and let the smoke go in sky)  
( Screaming Why did u have 2 Die)  
(Your my Brother til i Die)  
( R.I.P )
