The way you love me, the way you show me you care  
Never letting go  
You're like no other that I've ever known  
You're so special

And I'll never turn you away, you're in my life to stay  
What a beautiful thing that I have discovered in you  
Mere words can't explain just how blessed that I am  
To have someone like you

Everything you do and everything you say  
Let's me know you care in a special way  
I feel so complete knowing I have you  
Everything you do is in a special way

It's just a wonder that God has given me you  
It takes my breath away  
No other man no one can compare to you  
You brighten my darkest day

And I'll never turn you away, you're in my life to stay  
What a beautiful thing that I have discovered in you  
Mere words can't explain just how blessed that I am  
To have someone like you

Everything you do and everything you say  
Let's me know you care in a special way  
I feel so complete knowing I have you  
Everything you do is in a special way

Everything you do and everything you say  
Let's me know you care in a special way  
I feel so complete knowing I have you  
Everything you do is in a special way

The love that we have  
No other love can compare, oh no  
No other man has love me  
The way you do

Everything you do and everything you say  
Let's me know you care in a special way

I feel so complete knowing I have you  
Everything you do is in a special way

Everything you do and everything you say  
Let's me know you care in a special way  
I feel so complete knowing I have you  
Everything you do is in a special way

Everything you do and everything you say  
Let's me know you care in a special way  
I feel so complete knowing I have you  
Everything you do is in a special way
