I'm over you somehow
Only love knows how
I have the strength to move on again
The more you put me down
'Cause love knows how
It gave me the strength to move on

Spent so many days wondering what's my chances
I never thought I'd be alone
When all I really needed was answers
For the love that you've given to me
(The love you give to me)

I was in need
Where we are where we're at
Boy I could not see
Every night
(Every night)
That I cry
(That I cry)
I needed you here by my side
But now I'm over you

I'm over you somehow
Only love knows how
I have the strength to move on again
The more you put me down
'Cause love knows how
It gave me the strength to move on

Had to use my mind
Couldn't use my heart
I didn't wanna see us apart
This vision is so clear to me
That we were not meant to be
(That we were not meant to be)

I couldn't see
The desire inside wouldn't let me be
Every night
(Every night)
That I cry

(That I cry)
I needed you here by my side
But now I'm over you

I'm over you somehow
Only love knows how
I have the strength to move on again
The more you put me down
'Cause love knows how
It gave me the strength to move on

Life goes on until the new beginning
Set me free from all of these feelings
Now I can see that love's no guarantee
That's why I hold it all inside of me

I'm over you somehow
Only love knows how
I have the strength to move on again
The more you put me down
'Cause love knows how
It gave me the strength to move on

Only love knows how
(Knows how)
Only love knows how
(Knows how)
Only love knows how
Only love knows how
(Knows how)
Only love knows how
(Knows how)
Only love knows how

I'm over you somehow
Only love knows how
I have the strength to move on again
The more you put me down
'Cause love knows how
It gave me the strength to move on

I'm over you somehow
Only love knows how
I have the strength to move on again
The more you put me down
'Cause love knows how
It gave me the strength to move on
