No more broken hearted
I'm done being discarded
It's my turn to be happy
'Cause I have been so hurt by one too many
That promised more than any
And left my open arms empty

So now I am looking for a slow flow
So the love is good to go
From now on I'm gonna take my time
I want a lover with a slow flow
Rushed emotions never know
Everything gets better with time

Someone everlasting
Is all that I am asking
I want more than just a week
'Cause I have seen all those so called good
relationships
Start up and call it quits
I need more than just a freak

For me to truly give my heart and devotion
Baby if you've got that real kind of emotion

I'm looking for a slow flow
So the love is good to go
From now on I'm gonna take my time
I want a lover with a slow flow
Rushed emotions never know
Everything gets better with time

I'm saving all my love for someone that is true
To make sure you're so in love, in love

Looking for a slow flow
So the love is good to go
From now on I'm gonna take my time
I want a lover with a slow flow
Rushed emotions never know
Everything gets better with time

Looking for a slow flow
So the love is good to go
From now on I'm gonna take my time
I want a lover with a slow flow
Rushed emotions never know
Everything gets better with time

Looking for a slow flow
So the love is good to go
From now on I'm gonna take my time
I want a lover with a slow flow
Rushed emotions never know
Everything gets better with time

Looking for a slow flow
So the love is good to go
From now on I'm gonna take my time
I want a lover with a slow flow
Rushed emotions never know
