Come on

Hooo, yeah..

Uh

Never be the same again

I call you up whenever things go wrong  
You're always there you are my shoulder to cry on  
I can't believe it took me quite so long  
To take the forbidden step  
Is this something that I might regret?  
Come on, come on  
Nothing ventured, nothing gained  
You are the one  
The lonely heart that can't be tamed  
Come on, come on  
I'm hoping that you feel the same  
This is something that I can't forget

I thought that we would just be friends  
Things will never be the same again  
It's just the beginning it's not the end  
Things will never be the same again  
It's not a secret anymore  
Now you've opened up the door  
Starting tonight and from now on  
We'll never, never be the same

(uh, never be the same again)  
Never be the same again  
(uh, never be the same again, come on)

Now I know that we were close before (before)  
I'm glad I realised I need you so much more (yeah)  
And I don't care what anyone will say (uh, ha)  
It's about you and me (you and me)  
And we'll never be the same again (uh)

I thought that we would just be friends (ohh yeah)

Things will never be the same again (things will never  
be the same again)  
It's just the beginning it's not the end (we've only just  
begun)  
Things will never be the same again  
It's not a secret anymore  
Now we've opened up the door  
Starting tonight and from now on  
We'll never, never be the same

(never be the same again) aha  
Never be the same again  
(uh, never be the same again) (aha)

Uh, check it  
Night and day  
Black beach sand to red clay  
The US to UK  
NYC to LA  
From sidewalks to highways  
See it will never be the same, what I'm saying  
My mindframe never changed so you can't rearrange  
But sometimes it seems completely forbidden  
To discover those feelings that we kept so well hidden  
When there's no competition  
And you render my condition  
Though improbable it's not impossible  
For a love that could be unstoppable, but wait  
Fine lines between fate and destiny  
Do you believe in the things that were just meant to be?  
When you tell me the stories of your quest for me  
Picturesque is the picture you paint effortlessly  
And as our energies mix and begin to multiply  
Everyday situations they start to simplify  
So things will never be the same between you and I  
We intertwine our life forces  
Are not what you'll find (yeah)

I thought that we would just be friends (come on)  
Things will never be the same again  
It's just the beginning it's not the end (ooh)  
Things will never be the same again  
It's not a secret anymore (uh)  
Now you've opened up the door (yeah)  
Starting tonight and from now on (yeah)  
We'll never, never be the same

(Come on) hooo hooooo  
Things will never be the same again (yeah)  
Aha (uh) never be the same again
