I had a real good mother and father  
And they surely stood the test  
And now are in bright glory  
And are sleeping on the Savior's breast

They set a good example for me  
And they taught me how to pray  
Now I truly converted  
And walking on the narrow way

I know that if I cannot meet them on high  
Then how lonely I will be  
For what good is my journey  
If I miss out on eternity

I had a real good mother and father  
And they surely stood the test  
And now they're in bright glory  
And are sleeping on the Savior's breast
