Nobody knows what waits ahead
Beyond the earth and sky
Lied, Lied, Lie
I'm not afraid to die.

And there the work of my own hand
Be broken by and by
Lied, Lied, Lie
I'm not afraid to die.

Sometimes it finds me fast asleep
And wakes me where I lie
Lied, Lied, Lie
I'm not afraid to die.

Forget my sins upon the wind
My hobo soul will rise
Lied, Lied, Lie
I'm not afraid to die.

Lied, Lied Lie
I'm not afraid to die...
