Dig in girl
Youre gonna get your hands dirty
Swinging from your heels
Rounding third but baby don't worry
Ill show you how it feels
Cause i camped out at home plate
Girl i can hardly wait

Let's play two
Me and youuu
Let's play two
Cause youve been on deck
Waiting to play
The suns coming up from a rain delay
Lets play two
Lets play two

From april to october
It aint over til it's over
No matter what they say
I know i big mistake
Its tough to be so careless
But i wont let you slip away
Cause i know i started late
And girl i can hardly wait

Let's play two
Me and youuu
Let's play two
Cause youve been on deck
Waiting to play
The suns coming up from a rain delay
Lets play two
Lets play two
