One monkey don't stop the show
One monkey don't stop the show
One monkey don't stop the show
Whoa, so get on board

Oh, one monkey don't stop the show
One monkey don't stop the show
One monkey don't stop the show
Whoa, so get on board

Here comes the freight train
Here comes the freight train
Here comes the freight train
So get on board

Oh, one monkey don't stop the show
One monkey don't stop the show
One monkey don't stop the show
Whoa, so get on board

There is a purpose, a running keep
There is a captain, with a steady wheel
Wheel

An' one monkey don't stop the show
One monkey don't stop the show
One monkey don't stop the show
Whoa, so get on board

Oh, one monkey don't stop the show
One monkey don't stop the show
One monkey don't stop the show
Whoa, so get on board

Here comes the slow train
Here comes the slow train
Here comes the slow train
So get on board

Oh, one monkey don't stop the show
One monkey don't stop the show
One monkey don't stop the show

Whoa, so get on board

She's at the station, running slow
Ready for leavin', she's gonna go
Go

One monkey don't stop the show
One monkey don't stop the show
One monkey don't stop the show
Whoa

Here comes the freight train
Here comes the freight train
Here comes the freight train
So get on board

Oh, one monkey don't stop the show
One monkey don't stop the show
One monkey don't stop the show
Whoa

One monkey don't stop the show
One monkey don't stop the show
One monkey don't stop the show
Whoa, so get on board

Oh, one monkey don't stop the show
One monkey don't stop the show
One monkey don't stop the show
Whoa, so get on board

Here comes the freight train
Here comes the freight train
So get on board
