There's no way out of here, when you come in, your in  
for good

There was no promise made, the part you've played  
the chance you took

There are no boundries set, the timing yet, you wasted  
still

So it slips thru your hands, like grains of sand, you  
watch it go

There is no time to be lost, you pay the cost, so get it  
right

There is no way out of here, when you come in your in  
for good

And never was there an answer, there an answer

Not without listening, without seeing

There are no answers here, when you look out you dont  
see in

There was no promise made, the part you've played,  
the chance you took

There's no way out of here, when you come in your in  
for good
