Dear when you smiled at me
I heard a melody that haunted me from the start
Something inside of me started a symphony
Zing went the strings of my heart.

Was like a breath of spring
I heard a robin sing. I vowed never to part
I lived what seemed to be, in perfect harmony
Zing went the strings of my heart.

Your eyes made sky's seem blue again
What else could I do again
But keep repeating through again
I love you, love you
I still recall thrill, I guess I always will
I hoped we'll never depart
Here with your lips to mine
A rhapsody divine
Zing went the strings of my heart.

Something inside of me started a symphony
Zing went the strings of my heart.

Oh I seem to be in perfect harmony
Zing went the strings of my heart.

Your eyes made sky's seem blue again
What else could I do again
But keep repeating through again
I love you, love you
I still recall thrill, I guess I always will
I hoped we'll never depart
Here with your lips to mine
A rhapsody divine
Zing went the strings of my
Zing went the strings of my
Zing went the strings of my heart...
