One two three

Just three days and I'm missing you more than I
thought I would
I missing you more than I like to say
I'm hanging on a hope, swinging from a rope it's all the
same
My biggest mistake was letting you get away

Oh baby, California sun so bright and beautiful
Yeah, but that was yesterday
California sun, how'd you slip away?
California sun, California sun

Been about a week and I finally fall asleep as the sun
comes in
Through the broken blinds
Laying all alone sinking like stone, wish you were here
Can't sleep you of my mind

Oh baby, California sun, so bright and beautiful
Yeah, but that was yesterday
California sun, how'd you slip away?
California sun

I'm searching door to door sunset down to the shore
Where'd you disappear?
I wonder were you go, I don't really want to know
You can find me here

California sun, so bright and beautiful
Yeah, but that was yesterday
California sun, how'd you slip away?
California sun

California sun, so bright and beautiful
Yeah, but that was yesterday
California sun, how'd you slip away?
California sun
California sun
California sun
