All last summer in case you don't recall
I was yours and you were mine forget it all
Is there a line that I could write, sad enough to make
you cry?
And all the lines you wrote to me were lies

Months roll past, the love that you struck dead
Did you love me only in my head?
Well the things you said and did to me, seemed to
come so easily
The love I thought I'd won you give for free

Whispers at the bus stop
I heard about nights out in the school yard
I found out about you
I found out about you

Rumors follow everywhere you go
When you left and I was last to know
Famous now and there's no doubt, all the places you
hang out

They know your name and know what you're about

Whispers at the bus stop
I heard about nights out in the school yard
I found out about you
I found out about you

Street lights break on through the car window
And the time too often on A M radio
Well you know it's all I think about I write your name,
drive past your house your boyfriend's over I watch
your light go out

Whispers at the bus stop
I heard about nights out in the school yard
I found out about you
I found out about you

Whispers at the bus stop
I heard about nights out in the school yard

I found out about you
I found out about you
I found out about you
