"Not Only Numb"

Looking all around the room I see the clutter in the
gloom

I'm not only back, I'm not only numb

Changing shades within the evening

In a day then I'll be leaving

I'm not only back, I'm not only numb

When the air at home is thin

Getting out then looking in

Yeah she knows, she knows, she knows

It ain't awful hard to tell

What it's like, my little hell

Yeah she knows, she knows, she knows

I'm now familiar with the tone I hear in bed when I'm
alone

I'm not only back, I'm not only numb

In the shade below the eaves

Think I could chain smoke anything

I'm not only back, I'm not only numb

When the air at home is thin

Getting out, then looking in

Yeah she knows, she knows, she knows

It ain't awful hard to tell

What it's like, my little hell

Yeah she knows, she knows, she knows

She knows, she knows, she knows

She sees all the cars around the parking lots of bars

we've played and stayed

Started laughing, looking down upon the bed that

we've made

We've made, we've made, we've made

She sees all the cars around the parking lots of bars

we've played and stayed

Started laughing, looking falling down across the bed

that we've made

We've made, we've made, we've made

The air at home is thin

When getting out, then looking in

I'm not only back, I'm not only numb

Changing shades within the evening

In a day, then I'll be leaving

I'm not only back, I'm not only numb...
