I want to tell if I am or am not myself
It's hard to know, how far or if at all could go?
I've waited far too long
For somethin' I forgot was wrong

I don't know all the answers
I think that I'll find
Or have it within the time
But it's all that I'll have in mind

Until' I fall away
I won't keep you waiting long
Until' I fall away
I don't know what to do anymore
Until' I fall away

My fear pretend that I'll never be in love again
It's real to me but not like these fools
And not like this scene
I won't find or have it within the time

If it's all rusted and fade

In the spot where we fell
Where I thought I'd left behind
It's loose now but we could try

Until' I fall away
I won't keep you waiting long
Until' I fall away
I don't know what to do anymore
Until' I fall away

When there's no good answers
And no new questions
Another personal disaster
There's nowhere to go but down

Until' I fall away
I won't keep you waiting long
Until' I fall away
I don't know what to do anymore

Until' I fall away

Until' I fall away

Until' I fall away

Until' I fall away
