How do you say that you're out of love
How do you know if it's in his touch
He tries a move but it's too slow
He tries to stay when I say go
Get up, get up, get out of here
Is my message to you loud and clear
Oh, no, no, no, no, no

It happened on one dark day
Good news came down to take away
All of you and your bags
I'll see to the key lock ch-ch-change

Hurt, blame, it's all the same
Mixed and messed up, wait and see
It will get you in the end
Don't take chances on this man
Don't, don't, no, no, no
Get up, get out of here
Go on, go with what you know

So shall you reap, you may not sow
If you keep on with this key
Pin me down, this feels no good
I don't feel lucky like I should
Do I need this when we're not so strong
Do I need this love to carry on
Oh, no, no, no, no, no

It happened on one dark day
Good news came down to take away
All of you and your bags
I'll see to the key lock ch-ch-change
On this one dark day
Good news came down to take away

Oh, I'm not a soldier but I could
I would fight you and I, and I, and I would
Honey, let me break down
Honey, let me break down for you

Oh

It happened on one dark day
Good news came down to take away
All of you and your bags
I'll see to the key lock ch-ch-change
On this one dark day
Good news came down to take away
