[Backing Vocals]

Huh! Ya!

[Verse #1]

Touch me only when nobody knows
I'm not your only woman
Turn me into your lonely secret ghost
Are you looking through me

[Verse #2]

When you kill me with the poison of an evil you hold
You feel so good to swallow
When you give me all the gold and diamonds you own
To keep me as a lover

[Pre-Chorus]

You lock me away
So I can never see the light of day

[Chorus]

Your love is my poison
And I'm drinking it down
I'm drinking it down
And your love is my poison
I'm drinking it down
And I'll drink it all down again

[Backing Vocals]

Huh! Ya!

[Verse #3]

Sorry, she don't give you what you need
I'm the girl who gets you moaning
You lie to her to lie with me
Another nail in my coffin

[Pre-Chorus]

You lock me away
So I can never see the light of day

[Chorus]

Your love is my poison
And I'm drinking it down
I'm drinking it down
Your love is my poison
I'm drinking it down
And I'll drink it all down again

[Backing Vocals]
Huh! Ya!

[Bridge]
My body goes
In and out of where it's told

[Backing Vocals]
Huh! Ya!

[Chorus]
Oh, your love is my poison
And I'm drinking it down
I'm drinking it down
And your love is my poison
I'm drinking it down
And I'll drink it all down again

[Backing Vocals]
Huh! Ya! Huh!
