Time means nothing
When life means something
It's a game we always did play
So hush, bluebell baby
When finer things may be
I'll bury those dreams right away

Tell me why all your good reasons
Will fall from the trees on your shoulder
Just in faith
And I don't have the time
But I'll keep you in mind for a day
When blood turns to rain

And I'll love you tomorrow
But leave the same day
It's funny how love works in vain
And I won't say a word
But you know I've been hurt
By lines that keep burning my face

Tell me why all your good reasons
Will fall from the trees on your shoulder
Just in faith
And I don't have the time
But I'll keep you in mind for a day
When blood turns to rain

Oh, but I won't wait in silence
While you're stealing my happiness away
Oh, but I won't be your victim
For I've already caught the death train

So swing me high
To bring me o'er
I don't know how far to go

Oh, but I won't wait in silence
While you're stealing my happiness away
Oh, but I won't be your victim
For I've already caught the death train
